**DOSE:** 10 gm scoop in one glass of milk/water, 2 times a day.

## PROTEIN FOR KIDZ

Soya Protein Isolate | Whey Protein Isolate | Pea Protein Isolate | Milk Protein | Vitamins | Minerals | White Curcumin | Lactoferrin | Coral Calcium | Colostrum | Omega 3 DHA | Ashwagandha | Brahmi | Mulethi | Shankpushpi | Vacha | Karkatshrunghi

### BENEFITS:

- ❖ Provides all essential macro and micro nutrients like carbohydrate, protein, fats, vitamins & minerals in balanced quantities for nutrition.

- ❖ Helps to boost immunity and WBC count thereby protects from various infections.
- ❖ Controls nutritional deficiency and life style disorders. Helps in recurrent cough & cold.
- ❖ Helps for improving memory, intelligence, grasping and higher cognitive functions.

**DOSE:** 10 gm scoop in one glass of milk/water, 2 times a day.

# HEALTH CARE

## TULSI DROPS

Babui Tulsi | Drudriha Tulsi | Ram Tulsi |

Shyam Tulsi | Vana Tulsi

**BENEFITS:**

- ❖ Helps to Boosts Immunity power.
- ❖ Possess Antioxidant properties. Has more Antimicrobial properties.
- ❖ Tulsi is known as one of the best Adaptogen
- ❖ Helps to Purify Blood
- ❖ Acts as Appetizer & Improves digestion
- ❖ Good for skin health

- ❖ Relieves from cough & cold & other respiratory diseases
- ❖ Considered good for Joint Health as well

❖ Good for Heart & liver health

**DOSE:** 2 - 3 Drops in Water/Tea/Juices etc.

## RESPIPLUS

Swaskuthar Ras | LakshmiVilas Ras |

Balchaturbhadrā Ras | Tulsi | Yashtimadhu |

Navsagar | Vasa, Bharangi | Kantakari

**BENEFITS:**

- ❖ Build immunity to fight infections.
- ❖ Protect one from various Respiratory infections.
- ❖ Very effective in all types of cough like dry and wet.
- ❖ Useful in running nose, common cold, sneezing etc.

- ❖ Useful in diseases like asthma, tuberculosis etc.

**DOSE:** Children - 5 ml Spoon 3 times a day

Adults - 10 ml Spoon 3 Times a day

## ACIPLUS

Mukta Shukti Bhasma | Kapardika Bhasam

| Soothshekhar | Jaharmohra Pishti |

Yashad Bhasam | Dugdhapashana | Shankh

Bhasma

**BENEFITS:**

- ❖ Has wonderful Antacid, Anti-diarrheal & Antispasmodic activity.
- ❖ Work as Appetite stimulant and Digestive.
- ❖ Useful in Hyper Acidity, Gastritis & Ulcers.

**DOSE:** Children - 5 ml Spoon 3 times a day

Adults - 10 ml Spoon 3 Times a day

## HAEMPLUS

Tapyadi Loha | Navayas Loha |

Swarnamakshik Bhasma | Dadim |

Punarnava Mandur | Kasis Bhasma |

Panchkol | Punarnava | Draksha | Kutki

**BENEFITS:**

- ❖ Increases blood count and helps to prevent anemia.
- ❖ Maintains the ph level of the body. Increases red blood count.
- ❖ Promotes good cardiac function. High in nutrients and antioxidants.
- ❖ Helps to manage cholesterol.

**DOSE:** Children - 5 ml Spoon 3 times a day

Adults - 10 ml Spoon 3 Times a day

## URIPLUS

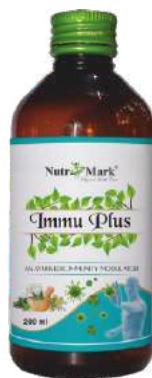

Yavakshara | Pashanbhed | Kulathi | Gokhru |

Varun | Trinpanchmool | Punarnava

**BENEFITS:**

- ❖ Supports and enhances the kidney function.
- ❖ It helps to treat kidney, bladder, urinary tract disease.
- ❖ It helps to cure kidney stones and kidney-related problems.
- ❖ It helps to manage pain and inflammation.

**DOSE:** Children - 5 ml Spoon 3 times a day  
Adults - 10 ml Spoon 3 Times a day

## IMMUPLUS

Sariva | Neem | Triphala | Trikatu | Kutki |  
Kalmegh | Tusli | Guduchi | Lemon | Pineapple |  
Wheatgrass | Papaya

**BENEFITS:**

- ❖ Helps to boost immunity. Effect on various diseases.
- ❖ Very unique hepato-protective action as well.
- ❖ Useful in recurrent cough and cold infections in children.
- ❖ Useful in allergic condition due to seasonal changes.

**DOSE:** Children - 5 ml Spoon 3 times a day  
Adults - 10 ml Spoon 3 Times a day

## FLAX-O

### Flaxseed Oil

**BENEFITS:**

- ❖ Omega 3 (ALA) protects heart and reduces blood vessel damage & useful in high blood pressure.
- ❖ Serve as powerful antioxidants and reduce oxidative damage.

- ❖ Support hormonal imbalance in Post Menopausal women.
- ❖ Helps to reduces bad cholesterol in the body and helps in weight loss.
- ❖ Helps to improve digestion and improves absorption of nutrients.
- ❖ Beneficial for post menopausal women and reduces symptoms as well as risk of osteoporosis.
- ❖ Menstruating women can keep the cycles regular with regular consumption of flaxseed oil. Useful for healthier hair, skin and nails.

**DOSE:** 1 Softgel 2 - 3 times a day.

## BIO-CALMAG-D

Algal Calcium | Vitamin D3 |

Magnesium | Zinc |

Hadjod | Laksha

**BENEFITS:**

- ❖ Most concentrated & bioavailable botanical sources of calcium and Vitamin D3 for bone development.

- ❖ Magnesium contributes to the maintenance of normal bones.
- ❖ Supports repair of connective tissues like cartilage & ligaments.

**DOSE:** 1 Tablet 2 - 3 times a day.

# AGRICULTURE RANGE

## SPRAY ADJUVANTS

### UNISTIC

**NON IONIC Surfactant / Emulsifiers Plant Based.**

**BENEFITS:**

- ❖ It sticks to surface of leaves for longer duration of time
- ❖ Being a bioproduct is completely harmless to plant
- ❖ Decreases the quantity of pesticides & increase its effectiveness. It is very suitable & less volatile.
- ❖ Make farming profitable by reducing expenditure on pesticides etc. Reduces photo decomposition of pesticides

**DOSE :** 0.5 to 1 ml per liter of Water.

### UNIPH

**Weak Acids**

**BENEFITS:**

- ❖ Always add to spray water before addition of spray components in mixing tank & check pH of spray solution as per requirement. It never retains any stains over applied area of plant.
- ❖ It contains weak acids which helps to make spray solution acidic in nature. Standard pH 5.5 to 6.5 for spray solution.

**DOSE :** 0.5 to 1 ml per liter of water

### UNI-SPASE

**Super Silicon Spreader**

**BENEFITS:**

- ❖ It is developed to improve the wetting, spreading and penetration of agriculture chemicals, especially herbicides, insecticides, fungicides & plant growth regulators that are water soluble.
- ❖ It reduces the surface tension to a very low level, resulting in a rapid wetting cum spreading on leaves.
- ❖ When incorporated with agriculture chemicals, near complete coverage of leaf is achieved. It is multifunctional and acts as Sticker, Penetrator, Activator, Spreader and Emulsifier.

**DOSE :** 3-5 ml/15 ltr water for foliar application.

## TONICS

### UNIRICH

**Seaweed | Protein | Amino Acids**

**BENEFITS:**

- ❖ Enhances seed germination. Boosts root formation.
- ❖ Increases yield /produce.
- ❖ Help plant to achieve stronger resistance
- ❖ Promotes rapid root & shoot development. Promotes root mass. Promotes flower blossom & fruiting
- ❖ Help plant endure environmental stress
- ❖ Help to stop fruit & flower dropping

**DOSE :** 15ml -25ml in 15 ml water

### BIO PRO

**Amino Acids from Fish Protein.**

**BENEFITS:**

- ❖ Enhances seed germination. Boosts root formation.
- ❖ Increases yield /produce. Help plant to achieve stronger resistance
- ❖ Promotes rapid root & shoot development. Promotes root mass. Promotes flower blossom & fruiting
- ❖ Help plant endure environmental stress
- ❖ Help to stop fruit & flower dropping

**DOSE :** 1ml -2ml to be in 1 Litre of water.

### BOOSTER

**Seaweed Extract | Hydrolysed Proteins | Amino Peptides | Vitamins**

**BENEFITS:**

- ❖ Booster has plant alkaloid Jasmonate, naturally derived, amino acids, growth promoters. It stimulates & activates growth and plants natural defense system.
- ❖ It increases defense system of plant naturally thereby protecting your crops against various bacterial, fungal & viral diseases. Booster enhances photosynthesis and makes nutrients available to the plant for better growth of all crops.
- ❖ Reduces flower, fruit drop, increases fruit colour, flavour.
- ❖ Improves white root development, vegetative growth and reproductive growth of crop. Compatible with other organic products for mixing in tank application.

**DOSE :** 25 gm in 150-200 liters of water per acre for all crops.

## SOIL HEALTH PROMOTERS

### SPARSH BIO

**Microbial Broth**

**BENEFITS:**

- ❖ Increased Production of Growth Promoting Substances and Growth Factors
- ❖ Increased Chlorophyll Production
- ❖ Improved Root Growth. Improved Shoot Growth
- ❖ Improved Seed setting

**DOSE :** 5 to 10 ml in one litre of water.

### UNISOIL

**Humic Acid | Fulvic Acid**

**BENEFITS:**

- ❖ It provides organic matter & humus in natural controlled released form to the soil. Manages soil PH. Increases drought resistance.
- ❖ Help in moisture & nutrient retention. Assist in soil wetting.
- ❖ Promotes soil structure improvement by stimulating fungi to create a crumb structure for better water & oxygen intake by improved root penetration. Completely safe & nontoxic & microbe friendly.

**DOSE :** 1 Litre per acre through soil application.

### UNICARBN

**Natural Proteins | Organic Acids**

**BENEFITS:**

- ❖ It helps to improve mineral uptake through roots and between cells as well as speeding cellular metabolism. Increases buffering properties of soil. It promotes vegetative growth of different plant at different stages.
- ❖ Helping Plants to resist drought. Increases root respiration and root formation. Increases germination resulting in to uniform crop.
- ❖ It contains naturally derived aminoacid in the form of proteins.

**DOSE :** 1 Litre per acre through soil application.

### UNICHARGER

**Microbial Culture Formulation**

**BENEFITS:**

- ❖ Increases the content of chlorophyll. Increases protein & nucleic acid in plants & also helps to increase soil productivity. Increases micro flora of soil. Enhances the absorption of water and fertilizer.
- ❖ Improves the drought resistance and cold resistance of the plants. It helps in overall growth of plants.
- ❖ It helps to enhance the disease resistance of the plants.

**DOSE :** 1 Litre per acre through soil application.

### UNI-COMP

**Various Micro-Organisms Including Bacillus Sp | Actinomycetes Sp | Aspergillus Sp | Cellulomonas**

**BENEFITS:**

- ❖ Increases humus contents.
- ❖ Improves soil texture.
- ❖ Higher availability of nutrients.
- ❖ Improves water holding capacity.
- ❖ Provision of substrate for growing beneficial micro-organisms.
- ❖ Sustained release of nutrients.

**DOSE :** 1 Ltr. in 20 Lt. of water & Sprinkle over 1 ton Waste

## TONICS & IMMUNE MODULATORS

### TOP SOIL

**Castor Extract | Karanj Extract | Enzymes | Fillers Bentonites**

**BENEFITS:**

- ❖ Top Soil is based on principles of organic management of crops.
- ❖ It also has herbal extract which are known in Ayurveda to boost plant immunity against natural attacks of soil borne pests (White Grubs, Termites and Root Borers) due to climate change on crops like fruits & vegetables.

**DOSE :** 2-5 kg per acre

## SKUNK

Neem Oil | Fish Oil | Karanj Oil | Cinnamon Extract

### BENEFITS:

- ❖ Skunk is totally safe, herbal & have no residue effects on plants. Skunk is based on principles of organic management of crops.
- ❖ It also has herbal extract which are known in Ayurveda to boost plant immunity against natural attacks of pests (Biting Chewing & Sucking) due to climate change on crops like fruits & vegetables.

DOSE : Please use 250 ml. per acre of crop.

## WIND-UP

Natural Origin Polysaccharide

### BENEFITS:

- ❖ It creates thin coat on plants which creates structural barrier that acts as defence mechanism for plants against microbial and fungal infestation.
- ❖ Acts effectively as prophylactic and preventive on all types of fungus, wilt, moulds, rot etc
- ❖ It also helps to leverage metabolites secreted by micro-organism to be used for plant growth and root system development.

DOSE : Please use 250 ml. per acre of crop.

## ACERBIC

Fatty Acid | Ricinus Communis Extract | Animal Oil

### BENEFITS:

- ❖ Acerbic is totally safe, herbal and have no residue effects on plants.
- ❖ Acerbic is based on principles of organic management of crops.
- ❖ It also has herbal extract which are known in Ayurveda to boost plant immunity against natural attacks of fungal diseases. (Leaf Spot, Powdery Mildew, Downy Mildew, Blights and Sheat Rots) due to climate change on crops like fruits & vegetables.

DOSE : Please use 250 ml. per acre of crop.

## TERMINATE

Natural Oils

### BENEFITS:

- ❖ TERMINATE has Ovicidal, repellent and insect growth retardant action. It halts multiplication of sucking pests by anti-feedant action.
- ❖ It inhibits pests multiplication and there by reduces crop damage. It is eco friendly and very effective against all types of sucking pests.

DOSE : Please use 250 ml. per acre of crop.

## ACERBIC S

Fatty Acid | Ricinus Communis Extract | Animal Oil

### BENEFITS:

- ❖ Acerbic S is totally safe, herbal and have no residue effects on plants. Acerbic S is based on principles of organic management of crops.
- ❖ It also has herbal extract which are known in Ayurveda to boost plant immunity against natural attacks of fungal diseases. (Fusarium, Pythium, Rhizoctonia, Pythophthora) due to climate change on crops like fruits & vegetables.

DOSE : Please use 500 ml. per acre of crop.

## FERTILIZERS

### UNISIL

Mono-Silicic Acid | Potash

### BENEFITS:

- ❖ Makes silicon available to plant in bioavailable form
- ❖ Reduces biotic & abiotic stress on crops
- ❖ Enhances plants ability to resist metal toxicification
- ❖ Strengthens stems of crops so that they don't collapse due to heavy rain & wind. Reduces stem breakage
- ❖ Increase resistance against fungal attacks.

DOSE : 15ml - 25ml in 15 ml water

## CURLEX

Tulsi Extract | Curcumin Extract | Garlic Extract

### BENEFITS:

- ❖ CURLEX is totally safe, herbal and have no residue effects on plants. CURLEX is based on principles of organic management of crops.
- ❖ It also has herbal extract which are known in Ayurveda to boost plant immunity against natural attacks of viral diseases due to climate change on crops like fruits & vegetables.

DOSE : Please use 250 ml. per acre of crop.

## UNIFERT AZO-N

Azotobacter Sp. (CFU Min 1X 10<sup>8</sup> cell/ml)

### BENEFITS:

- ❖ UNIFERT AZO-N when applied to soil multiplies & absorbs the atmospheric nitrogen and fixes the same in the root zone of soil. It helps to plant for rapid growth and yield.
- ❖ Useful for organic farming.

DOSE : Mix 1 to 2 Lit for foliar / Soil application per acre.

## TORNADO

Curcuma Extract | Clove Extract | Aloe Extract

### BENEFITS:

- ❖ TORNADO is totally safe, herbal and have no residue effects on plants. TORNADO is based on principles of organic management of crops.
- ❖ It also has herbal extract which are known in Ayurveda to boost plant immunity against natural attacks of bacterial diseases due to climate change on crops like fruits & vegetables.

DOSE : Foliar Spray : 1 Litre per Acer with water.

## UNIFERT-P

Phosphate Solubilizing Bacteria (CFU Min 1 X 10<sup>8</sup> cell/ml)

### BENEFITS:

- ❖ UNIFERT-P is a liquid bio-fertilizer made of pure culture of naturally occurring soil-borne Phosphorus solubilizing bacteria (PSB).
- ❖ When applied to the soil, the bacteria multiplies & produces organic acids & converts insoluble inorganic phosphatic compounds in soil into soluble form & makes them available to plants.

DOSE : 1 to 2 Liter per acre or as per crop conditions.

## HOOK UP

Serratia Extract | Geranium Extract

### BENEFITS:

- ❖ HOOK UP is totally safe, herbal and have no residue effects on plants. HOOK UP is based on principles of organic management of crops.
- ❖ It also has herbal extract which are known in Ayurveda to boost plant immunity against natural attacks of nematodes due to climate change on crops like fruits & vegetables.

DOSE : 1 Litre per acre through soil application.

## UNIFERT-K

Potash Mobilizing Bacteria (CFU Min 1 X 10<sup>8</sup> cell/ml)

### BENEFITS:

- ❖ UNIFERT-K is a liquid bio-fertilizer made of pure culture of naturally occurring soil borne Potash Mobilizing bacteria (KMB).
- ❖ When applied to soil, Potash Mobilizing Bacteria helps to mobilize potassium fixed in soil.
- ❖ This mobilize potassium is easily available to the crops.

DOSE : Mix 1 to 2 Lit for foliar / Soil application per acre.

# VETERINARY RANGE

वेटर्नरी रेंज

## AFS

Protein | Vitamins | Minerals | Prebiotics | Probiotics | Bypass Fat

### BENEFITS:

- ❖ **Cows & Buffalos:** ♦ Increases Milk Yield by 10-15% according to breed.
- ♦ Increase SNF and Fat in Milk making Milk more valuable and economical for farmers. Helps to attain 1 calf per year.
- ♦ Increases Overall growth of cattle's. Reduces cattle diseases probability.
- ❖ **Goats, Pigs & Sheep:** ♦ Increases weight of goats making them economically more viable. ♦ Increases milk yield and fertility yield as well.

- ❖ **Horses:** ♦ Provides pre workout energy for races. Provides post work out energy after races. Increases skin coat and hair lustre.

- ❖ **Fisheries:** ♦ Increase weight of fishes. Reduces mortality of fishes.

- ❖ **Poultry:** ♦ Increase weight of poultry by helping them to attain weight in 30 days only making more economical for poultry breeders.

♦ Increase Immunity and reduces mortality chances in birds.

- ❖ **Dogs & Cats:** ♦ Overall growth and immunity.

### DOSE:

❖ **Cattles:** 10 - 20 gm per day ❖ **Horses:** 10 – 15 gm per day

❖ **Dogs/Pigs/Cats:** 5 – 10 gm per day ❖ **Goats/Sheep:** 5 – 10 gm per day

❖ **Fisheries:** 1 ml per fish per day

❖ **Poultry:** 250 gm per ton of feed 2 gm with 4 liter water

## ACIGUT

Acetic Acid | Propionic Acid | Benzoic Acid | Sorbic Acid | Beta Glucans | Essential Oils (Cardamom & Ginger Oil) | Stabilizers

### BENEFITS:

- ❖ As a Routine acidifier & conditioner.
- ❖ Make gut conditioned and functional.
- ❖ Maintains optimum pH.

### DOSE:

❖ 1 ml / Litre of drinking water.

## TOXIBIND

Yucca Schidigera | Natural Siliceous Earth Powder | Ammonium Binding Agents | Bacillus Subtilis

### BENEFITS:

- ❖ Controls excess moisture in the finished feed.
- ❖ Broad spectrum mould inhibitor.
- ❖ Selective toxin adsorbant additives.
- ❖ Improves liver function.
- ❖ Prevents multi-function of pathogenic bacteria in the Gut.

### DOSE:

- ❖ Routine: 500 gm / Ton of feed.
- ❖ During risk conditions like excess moisture or suspected mold - 2 kg / Ton of feed

## OXY-UP

Sodium Per Carbonate | Sodium Per Borate

### BENEFITS:

- ❖ Releases dissolved oxygen levels quickly & enhances the total DO (Dissolved Oxygen) levels in the pond. Animals get complete relaxation from stress.
- ❖ Prevents mass mortalities. Helps to reduce toxic gases / pond pollution.

DOSE: Normal conditions: 1-2 kg per hectare.

## VIMIN

Vitamins | Minerals | Amino Acids | Yeast Extract

### BENEFITS:

- ❖ Prevents and corrects avitaminosis and nutritional deficiency. Helps to reduce mortality.
- ❖ Work as a supportive therapy in state like Moulting, Anorexia, Fatty Liver, Early chick mortality etc. Improves growth rapidly.
- ❖ Highly recommended during first week of life in chicks.

### DOSE:

❖ Broiler: 1 ml / litre of drinking water - 5-7 days.

❖ Layer: 2 ml / litre of drinking water - 5-7 days.

❖ Breeder: 3 ml / litre of drinking water - 5-7 days.

## PROGEN

Saccharomyces Boulardii | Streptococcus Faecium | Lactobacillus Acidophilus | Lactobacillus Casei | Bifidobacterium Bifidum | Torulopsis Spp | Haematococcus Pluvialis

### BENEFITS:

- ❖ Improves meat quality in broilers.
- ❖ Improves tenderness & juice of the meat.
- ❖ Provides attractive & appetizing colour to the meat.
- ❖ Improves weight gain & FCR.
- ❖ Effectively maintains gut health and improve feed digestion & nutrient absorption.

### DOSE:

❖ Broiler: 1 ml per 1 Ltr drinking water for 7 days (or) as advised by a veterinarian.

## AQUA-KLEAR

Yucca Schidigera | Bacillus Subtilis | Bacillus Polymyxa | Lactobacillus Acidophilus | Nitrosomonas | Nitrobacter

### BENEFITS:

- ❖ Eliminates Ammonia from the pond bottom as well as in the pond water.
- ❖ Relieves the stress of aquatic animals caused due to toxic gases.
- ❖ Prevents the production of toxic gases like Ammonia, Hydrogen sulphide etc. Reduces the pathogenic microbial load by competing for same food source by the probiotic present in AQUA-KLEAR. Helps for more freshness of pond & aquatic animals there by animals feels nil stress.

### DOSE:

1 - 2 Kg per hectare in routine condition. 5 kg per hectare during extreme condition.

## TOXIGO

Zeolite Minerals | Bacillus ssp.

### BENEFITS:

- ❖ Improves pond health. Adsorbs toxic gases like Carbon monoxide etc. from pond water by its unique molecular pore structures.
- ❖ Neutralizes the adsorbed toxic ammonia by ion exchanging the free ammonium. Prevents bad / noxious odors from pond water by neutralizing the noxious ammonia.
- ❖ Helps to improve dissolved oxygen and phytoplankton levels (Natural food). Makes the animals fresh by relieving stress caused due to toxic gases & other pollutants.
- ❖ Helps to improve growth, health & immunity. Minerals helps for better health, strength & growth. Activates the gut for better nutrients absorption. Helps for more gut health, feeding & growth.

### DOSE:

❖ In Feed: 5 kg / ton of feed.

❖ In Pond: For pond preparation : 25-50 kg / hectare.

# GROCERY RANGE

## Kashmiri Kesar

Saffron always known as royal ingredient having unique culinary and medicinal benefits is every household requirement. But adulteration with available market saffron deprives us of these benefits. Now you can achieve remarkable benefits from **UNYK Kesar** originally sourced directly from Kashmir farms cultivated with organic inputs.

## Red Chilli Powder

**UNYK Red Chili Powder** is an essential ingredient in Indian cuisine. Prepared from dried red chillies, it adds pungency and flavour to dishes. It is also imparts rich red colour to gravy making it more attractive.

## Coriander Powder

**UNYK Coriander or Dhaniya Powder** is an essential part of every kitchen. Made by crushing dried coriander seeds, this spice lends a citrusy flavour and aroma to various dishes.

## Sambhar Masala

**Sambhar** is the heart of South Indian food. It is a mildly tangy and aromatic combination of vegetables, spices and condiments. It pairs well with hot idlis, vadas, poha or steamed rice. Add a teaspoon of **UNYK Sambhar Masala** to enjoy the authentic Sambhar taste like never before.

## Pav Bhaji Masala

The most renowned Indian street food is pav bhaji.

**UNYK Pav Bhaji Masala** has authentic taste, flavour and aroma, is a perfect blend of all spices and enhances the taste of your dish and gives you experience of street food at home.

## Premium Tea

We understand that tea is way more than a beverage, it is an emotion. People in our society bond and build relationships over a cup of tea. **UNYK Tea** is handpicked from finest quality of Assam Darjeeling tea gardens. Enjoy the perfect balance of special blends that makes your tea tasty, and gives you refreshing feel.

## Turmeric Powder

**UNYK Turmeric or Haldi** is an essential ingredient in Indian cuisines. It is not only used for its flavour and aroma but also for its health benefits. It gives musky flavour and yellow colour to curries.

## Tandoori Chicken Masala

**UNYK Tandoori Masala** mix is a combination of spices that gives you restaurant-style tandoori (chicken, paneer, mushroom baby corn) in minutes.

**UNYK Tandoori Masala** infuses rich aroma in everything that goes into the Tandoor. Enjoy your Barbeque style home made foods

## Sabji Masala

**UNYK Sabji Masala** is spice full combination that enhances the taste of any vegetable dish . It is the secret of making lip-smacking curries, tasty everyday veggies, and special preparations.

## Mutton Masala

**UNYK Mutton Masala** is a blend of pepper-coriander - chilli based combine that gives a hot taste to non-veg dishes, particularly meat. It enhances texture ,taste and flavour of the meat to give you unique experience of meat like never before.

## Kitchen King Masala

Made by using organic spices with cold press technology to keep essential oils intact for aromatic and rich flavour. Helps to enhance and make your dish tasty. Ideal for all dishes & Easy to use.

## Kanda Lasoon Masala

**UNYK Kanda Lasoon Masala** is all purpose curry-base, composed of the strong, sweet flavour of garlic combined with the sharp taste of onions. It's ready-to-use with zero compromises in the aroma and taste.

## Garam Masala

The secret ingredient of all recipes is **Garam Masala**. A blend of all essential spices that give a varied flavour to your food. Kitchen is truly incomplete without the box of **Garam Masala**. It is a combination of roasted spices, powdered together to give rich taste and aroma to your food.

## Fish Curry Masala

A fine blend of spices **Fish Curry Masala** lends great taste, colour and texture to your fish curry. The blend uses pure spices in such accurate measures that it brings out the best in your favourite fish.

## Chicken Masala

**UNYK Chicken Masala** is a mix of aromatic and flavourful spices which adds a unique earthy flavour to your dishes. It's the most magical and extraordinary mix of spices that is used mostly in Indian cuisine. This masala pairs perfectly with the chicken making it delightful.

## Chaat Masala

**UNYK Chaat Masala** is an all-in-one seasoning. It adds a tangy flavour and zesty twist to any meal, leaving a savoury in your tastebuds. **UNYK Chaat Masala Powder** is a blend of many spices that adds a perfect tanginess and elevates the richness of fruits and vegetables.

## Kadhai Paneer Masala

Made from the choicest varieties of herbs & spices, **Kadhai Paneer Masala** infuses a whole lot of deliciousness & a spark of royalty to your recipe. The unique blend of spices brings out a diffused affluent, creamy aromatic taste in every bite of this dish. Relish it with crispy, fresh naan.

## Fish Fry Masala

Seafood lovers have nothing to worry as **UNYK Fish Fry Masala** is a perfect blend to make traditional Fish Fry at home and this masala brings out the true flavour and aroma of Fish. So relish on your favourite sea food with the masala.

## Egg Curry Masala

Egg lovers can now relish their favourite food with tangy, tasty recipe full of rich aroma & flavour. Makes super hotel style gravy which can increase your carvings.

## Chhole Masala

**Chhole Masala** is the most excellent ingredient to make spicy, delicious and tasty chhole masala. A perfect blend of spices and others so evenly balanced that it not only adds taste but also enhances the flavour and also imparts really natural taste of chhole/Chana.

## Biryani Masala

**Biryani** is a authentic dish, very famous in all communities. **UNYK Biryani Masala** is ready-to-add mix that gives you lip-smacking veg and non-veg biryani. It's made from a blend of special spices that ensures you get a delectable taste in every spoon. Relish on Royal cuisine with this **Biryani Masala**.
